Federal College Work Study (CWS) provides part-time jobs for students with financial need, allowing them to earn money to help pay for education expenses.

Iowa Association of Student Financial Aid Administrators

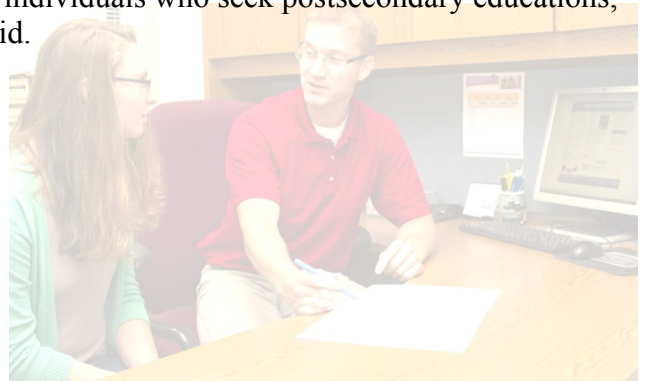

serving higher education students in Iowa since 1967...

The Iowa Association of Student Financial Aid Administrators is a dynamic organization serving practitioners, users, and providers of student financial aid programs serving individuals who seek postsecondary educations, while fostering and promoting sound statements of financial aid.

Thanks to financial aid I was the first one in my family to graduate college, and thanks to my financial aid advisor I was able to understand the process.

-Shena Thompson, 2012 college graduate

The Iowa Association of Student Financial Aid Administrators (IASFAA) is a private, not for profit organization comprised of over 200 financial assistance professional members. Our members are from a variety of organizations that serve students and the professionals that administer financial aid to students. More specifically, our members represent over 45 of Iowa's colleges and universities, lending institutions, software and data routing providers, loan servicers and government agencies.

Together, IASFAA members are able to provide resources to the Iowa community to better understand the numerous federal, state and institutional financial assistance opportunities available to students. Our efforts also focus on training and education for IASFAA members on the proper administration of financial assistance programs. Each year, IASFAA members administer billions of dollars of financial assistance to over 500,000 students in the state of Iowa.

An essential goal of our association is to advocate for and support programs of financial assistance for Iowa's students. IASFAA wishes to be a source of information and a partner in matters concerning financial assistance programs that impact Iowa students.

Heather Gaumer, Simpson College
2012-2013 IASFAA President
